Date: January 2, 2008

Sir:

Applicant's agent, Daniel Geselowitz, telephoned Examiner Yoon on Wednesday, December 12, 2007.

Applicant had received an Advisory action, mailed December 7, 2007, in response to the Supplemental Response under 37 CFR 1.116 filed on November 27, 2007. In that Supplemental Response, an amendment was proposed canceling claims 1, 3-5, 9 and 13-16, and amending claims 6-8 and 10. Upon entry of this amendment, claims 6-8 and 10 would be pending.

However, the Advisory action indicated that claims 1, 3-5, 9 and 13-16 remain rejected. On page 2 of the Advisory Action, the Examiner explained that the rejection based on JP 63028639A is withdrawn, but the rejection of claims 1, 3-5, 9 and 13-16 is maintained.

Application Serial No.: 10/825,202  
Interview Summary

After discussing this with the Examiner, the Examiner agreed that the Advisory action was in error and that the application should be allowed. He indicated that he would send out a Telephone Interview Summary and would allow the application shortly.

Respectfully submitted,

KRATZ, QUINTOS & HANSON, LLP
